Alana Beck, Clinical Operations Manager | Core Dental

Canonical: https://www.coredental.com.au/our-team/alana-beck/

Details:

Alana Beck is the Clinical Operations Manager at Core Dental. She oversees and manages clinical operations across our dental practices and departmental functions, including coordinating day-to-day clinical activities so our practices run smoothly. Alana is part of our Clinical Management team and supports the clinical leadership provided by Dr Philippa Robinson, our Clinical Director and General Dentist. Alana is a member of our management team and does not provide dental treatment to patients.

Who is Alana Beck?

Alana is a member of the Clinical Management team at Core Dental, a group of nine clinics across Melbourne. Her role is operational. Our dentists, hygienists, therapists and registered specialists look after your teeth, and our management, reception and nursing teams support them. Alana works across the group to help keep the clinical side of our practices coordinated from day to day.

What does a Clinical Operations Manager do at Core Dental?

At Core Dental the Clinical Operations Manager is responsible for overseeing and managing clinical operations across our dental facilities and departmental functions. That includes coordinating day-to-day clinical activities across our practices. For patients, this work sits in the background: it is part of how we aim to offer reliable appointments and consistent care across our clinics.

Which treatments does Alana provide?

Alana does not provide treatment. If you would like care, our clinicians provide it, including general dentistry, cosmetic dentistry, orthodontics, dental implants and specialist care. You can read about general dentistry , orthodontics and specialist care , or call 13 13 16 and we will help you find the right practice and clinician.

Where does Alana work with our teams?

Alana's role covers our practices across Melbourne rather than a single clinic. Our nine clinics are Southbank , South Melbourne , Caroline Springs , Carrum Downs , Epping , Wyndham , Berwick , Bayside and Glenferrie .

Who does Alana work with at Core Dental?

Alana works closely with Belinda Smithwick, our Orthodontic Operations Manager, within the Clinical Management team to coordinate clinical operations across the group. Together they support the clinical leadership of Dr Philippa Robinson , our Clinical Director and General Dentist. Our General Manager, Vanessa Spooner , is also part of our management team. You can meet our wider team on our dentists

and registered specialists page.

How do you check a practitioner's registration?

Alana is a manager rather than a registered clinician. If you want to check the registration of any dentist, hygienist or specialist who will treat you, you can search their name on the public AHPRA register at ahpra.gov.au. The register shows registration status and any specialist registration. Our team is happy to tell you who will be looking after you when you book.

What should you ask before you book treatment with us?

Whether you are booking a check-up or a larger treatment, we suggest you tell us your concern, symptoms and goals when you call. Bring relevant medical information and a current list of your medicines. Ask what the recommended approach is intended to achieve, what the alternatives are, what the risks and limitations are, and what the treatment will cost. We avoid surprises by quoting before treatment starts, and we offer interest-free payment plans through Payright for amounts up to $20,000, with fortnightly instalments over 3 to 30 months, subject to eligibility and approval. Terms were published as at September 2026, so please confirm them when you book. See understanding your treatment and our dental payment plans page.

How can you contact Alana Beck or our team?

Please call us on 13 13 16 or use the booking link on coredental.com.au, and our team will direct your enquiry to the right person. Our clinics are open Monday to Friday 8.00am to 6.00pm and Saturday mornings.

Frequently asked questions
