Who is Laura Mclelland?

Laura Mclelland has a profile page in the team section of our website. We have not published a position, qualifications or practice location for Laura on our team page, and we do not add details we cannot confirm. For the dentists, specialists, hygienists and therapists currently listed with their qualifications, please see our dentists and registered specialists page.

How can you find out which practitioner will treat you?

When you book, you can ask our reception team who your clinician will be, which practice they work at and what days they are available. We can also tell you whether a specialist is available at a particular practice. Our team page lists general dentists, board-registered specialists and our hygienists and therapists, and our clinic pages list the team at each practice.

How do you check a practitioner on the AHPRA register?

Dentists, dental hygienists, therapists and specialists must be registered with the Australian Health Practitioner Regulation Agency (AHPRA). You can search the public register at ahpra.gov.au by name to confirm a practitioner's registration and any conditions. It is reasonable to check this before any treatment begins.

What can you ask before your appointment?

Before treatment begins, you can ask:

who will treat you, and what their qualifications and registration are

what the recommended treatment is meant to achieve, and whether there are alternatives

what the risks, limitations and aftercare are

what the fees are, with a written quote before treatment starts

how payment plans and private health claims work

We offer interest-free payment plans and HICAPS on-site claiming at our practices.

Where can you see our team?

We have nine practices across Melbourne: Southbank , South Melbourne , Caroline Springs , Carrum Downs , Epping , Wyndham , Berwick , Bayside and Glenferrie . We are open Monday to Friday 8.00am to 6.00pm and Saturday mornings, and we reserve emergency appointments daily where possible.
