Samantha Hawker, General Manager | Core Dental

Canonical: https://www.coredental.com.au/our-team/samantha-gorman/

Details:

Samantha Hawker is a General Manager at Core Dental and is listed under Clinical Management on our team page. Our clinical team of dentists, specialists and hygienists is supported by a management, reception and nursing team across our nine Melbourne clinics, and Samantha is part of that management team. This is a management role rather than a clinical one, so questions about your own treatment should be directed to your dentist, specialist or hygienist, or to the clinic where you are booked. You can call us on 13 13 16.

Who is Samantha Hawker?

Samantha is a member of our management team and holds the title General Manager. Our team page lists her in the Clinical Management group alongside our other managers. Core Dental is made up of dentists, hygienists and registered specialists, together with an auxiliary team of management, reception and nursing staff, and each part of that team has a different job.

What does a management role mean for patients?

Our management team supports the practices so that our clinical teams can focus on your care. At Core Dental we want you to feel informed and looked after, and our approach rests on three ideas that you can see across every clinic:

Affordability: we quote before treatment starts and offer interest-free payment plans.

Ambience: our team members are chosen for their caring attitudes and commitment to professional development, and our practices are warm and welcoming.

Availability: we are open six days a week with extended trading hours.

Where can you find our clinics?

We have nine clinics across Melbourne. You can find your closest practice from our clinic pages, including Southbank , South Melbourne , Caroline Springs , Carrum Downs , Epping , Wyndham , Berwick , Bayside and Glenferrie .

Who should you contact with a question or feedback?

If you have a question about an appointment, a quote or a payment plan, call us on 13 13 16 or speak with the reception team at your clinic. If you would like to raise feedback about your visit, tell the clinic team or call us, and your message will be passed to the right person. For clinical questions, your treating dentist is the right person to ask.

How can you check a practitioner's registration?

Our dentists, specialists and hygienists are registered health practitioners, and you can search any practitioner by name on the AHPRA register at ahpra.gov.au. Management staff are not clinicians, so they are not listed on that register in a clinical capacity.

Which colleagues work alongside Samantha?

Our team page also lists Vanessa Spooner , General Manager, and Alana Beck , Clinical Operations Manager, within Clinical Management. You can see all of our dentists, specialists and hygienists on our dentists and registered specialists page.
