How do you check the registration of dental practitioners at our clinic?

Dentists in Australia must be registered with the Dental Board of Australia, and you can search the public register at ahpra.gov.au at any time. Sarah holds a nursing coordination role rather than a dentist's role, so the register applies to our dentists, hygienists and specialists. We welcome you to check any practitioner before treatment.

What can you ask our team before your appointment?

Our team is happy to help with your questions. Useful things to ask when you book are what to bring (medical information and a current medicines list), how long your appointment will take, how fees are quoted, whether HICAPS claiming applies, and whether an interest-free payment plan could suit you. We quote before treatment starts so there are no surprises.
